

CALL FOR PUBLISHING

Dear colleagues,

the Editorial Office of the *Powder Metallurgy Progress* plans since the new volume of the journal (2006, vol. 6) to establish a new section. We would like to introduce different institutions, universities, companies involved in powder metallurgy (basic and applied research, research facilities, PM technology, production, etc.) to wide community.

Please send us your contribution!

Present your work!

Not only the text but also photos are welcome!

Extension: 4 – 6 pages,
photos min 300 dpi for required printed size (see guidelines).

Publishing free of charge.
